To: Select Board of Amherst MA,

I am writing this on behalf of the Cannabis Reform Coalition. I would like to REVISE our former request of closing off the Spring St. parking lot, it was an unreasonable request made during the confusion of Extravaganja preparations.

Our new request is as follows:

Between the hours of 8A.M. and 6P.M. on April 25th, 2009, we (the Cannabis Reform Coalition) would like to be provided with 3-5 "No Parking" bags to place over 3-5 of the parking meters that border the town commons, in the Spring St.

parking lot. We are requesting the town's permission to allow us the use of these bags because we will have Merchants, stage & tenting, and band equipment to unload from vehicles to the stage and commons. This location is crucial because the location of the stage is closest to that row of meters in the Spring St. lot. We have utilized this space in the years past, and do not find this request to be unreasonable. We will have a staff member responsible for supervising parking for the set up, because we would like to avoid any traffic obstructions. We also feel that the town will not lose any revenue if there are only 3-5 parking spaces reserved for a period of 9 hours. Extravaganja is a large event that draws thousands of people to Amherst annually, if anything we hope there will be revenue generated from our event. We are currently following up with all procedures to legitimize Extravaganja, and believe this to be a reasonable, and crucial matter for facilitating the operation of Extravaganja.

Thank you for your consideration, we hope to have cleared up any former points of confusion.
